

The background of the entire page is a repeating pattern of stylized piano keyboard sections. Each section is a semi-circular arc containing several keys. The keys are colored in a repeating sequence of white, black, and a color (either red or green) that indicates a specific key name. The pattern is scattered across the page, creating a musical theme.

CONCEPTS COVERED: Piano key names

STUDENT LEVEL: Newbie

MUSICAL ALPHABET MEMORY

Musical Alphabet Memory

HOW TO PLAY

Memory (1 player):

- Choose the green, red or purple card set.
- Lay out all the cards face down.
- Turn over one pair at a time. If they match, set them aside, if they don't turn them back over.
- Continue until all the cards are matched.
- Time your student to see how fast they can match all the pairs together.
- Repeat (immediately or at next lesson) and try to beat the time.

Memory (2 players):

- Choose the green, red or purple card set.
- Lay out all the cards face down.
- Take turns to turn over one pair at a time. If they match, set them aside, if they don't turn them back over.
- Continue until all the cards are matched.
- The winner is the one with the most pairs at the end.

Snap! (2 players):

- Choose the green, red or purple card set.
- Shuffle the cards and divide into two equal piles, one for each player.
- Players take turns to turn over a card into a central pile.
- If the card matches the previous card, either player can shout "SNAP!" and put their hand on the card pile.
- The first player to say "SNAP!" wins all of the turned over cards, and adds them to her/his pile.
- The winner is the first to win all the other cards, or the one with the most cards when time is up.

ASSEMBLY

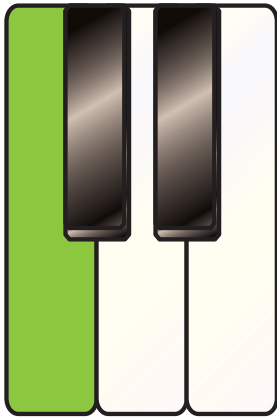

To assemble this game:

- Print out the game cards (pages 3-10) double sided.
- Cut along the dotted lines.
- Laminate if desired.

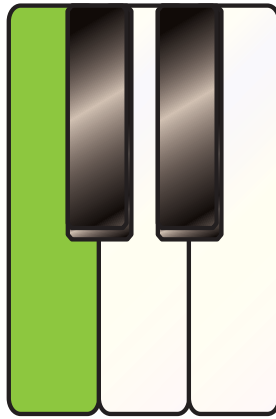

LEARNING OBJECTIVES

Musical Alphabet Memory helps reinforce the names of the piano keys and is especially useful with young beginners.

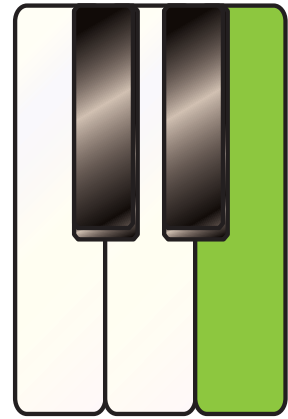

This game is the perfect complement to [Thinking Theory Prep Book](#) and the Thinking Theory flipped learning videos which you can find on YouTube.
